

INVESTMENT IS THE HEART OF THE ECONOMY

Gavhar Jumaeva

The head of the information service of the Angor district administration

According to paragraph 60 of the minutes of the meeting No. 30 of the President of the Republic of Uzbekistan during his visit to the Surkhandarya region on June 1-2, 2021 and the decision "On confirmation of the administrative regulation for selecting the best proposal for the implementation of a large investment project" It is planned to establish a "Trade and Production Complex" by "Angor Index" LLC in the "Tallimaron" massif near the M39 highway, Angor district.

On September 14, 2021, the foundation stone was laid for the construction work of this large project based on the production of modern construction materials and handicraft products, which is the only one in Surkhandarya region, by "Angor Index" LLC, with an internal investment of 174 billion soums. A total of 350 construction workers consisting of builders, engineers and experts in related fields, as well as more than 30 special equipment at the disposal of the enterprise, were mobilized at the same time. Based on the project, 704 one- and two-story shops with a total area of 20.2 thousand square meters, a warehouse with a capacity of 3 thousand square meters, and a two-story building with a capacity of 8 thousand square meters are planned for the production of construction materials and handicraft products. production areas, as well as a modern parking lot for 850 seats, it is planned to create 2200 new jobs.

To date, a warehouse with a capacity of 3,000 square meters, 204 two-story exterior facade shops, and 500 shops located in one-story interior main pavilions have been completed, and exterior decorative finishing, profile glass, and cosmetic equipment processes are currently being implemented. Regil casting works are in progress in two-story production areas with a capacity of 8,000 sq.m. To date, a total of 55 billion soums of domestic investment has been spent on this project, and construction works have been completed by 70%. To date, a warehouse with a capacity of 3,000 square meters, 204 two-story exterior facade shops, and 500 shops located in one-story interior main pavilions have been completed, and exterior decorative finishing, profile glass, and cosmetic equipment processes are currently being implemented.

Another major project in Angor district is the "Leather processing and shoe production" project, which is being organized in the "Bahor" neighborhood. This project is being organized by "Top Quality-Brand" LLC on an area of 4 hectares. The total cost of the project is 17 million euros. of which 5 million euros are being built at the expense of the entrepreneur's own funds, 12 million euros at the expense of a bank loan.

The project of organizing 60/220 million square meters of thousand pairs of Leather processing and production of shoes is produced by the enterprise. 50% of the products produced by the enterprise are sold to the domestic market and 50% are exported.
