

MANUFACTURED QUALITY IP-CALAVA AND FINISHED FABRIC PRODUCTS FOR EXPORT

Dilnoz Charieva

Governorship of Jarkurgan district
Head of Information Service

Necessary conditions have been created for the economic development of our country and the implementation of new enterprise projects. In particular, there are enough opportunities for the activities of enterprises specializing in yarn and fabric production.

The President of the Republic of Uzbekistan attaches great importance to supporting every entrepreneur, to use all opportunities for them to take their place in the market economy. The benefits given by our government serve to implement new business projects, and the opportunities serve to create new jobs for entrepreneurs.

A spinning and weaving factory of "Surkhan tex" limited liability company, which produces yarn and fabric from cotton fibers, is operating in Zharkurgan district of Surkhandarya region. Modern equipment for the production of high-quality and affordable products for the enterprise is imported from China and Switzerland. 330

employees are working in the enterprise, which is equipped with necessary techniques and equipment for production.

- Seeing the opportunities created for entrepreneurs in our country, it is impossible to imagine going without a business plan, - says the head of the enterprise Uygun Dzhumaev. - The fact that the head of state was the head of this project and pressed the start button gave great strength to our team. Before starting work, we studied the market. The capacity of our project is 5,000 tons of yarn and 8,000,000 meters of fabric, the cost of the project is 10,0 million. equal to a dollar. We have plans to launch additional capacities and fully automate production. We intend to increase the annual export volume.

The enterprise produces 6.5 thousand tons of yarn and 12 thousand pogrameters of yarn per year. Products worth 13 million dollars were exported by the enterprise with high export potential.

It is planned to increase the annual production capacity to 9,000 tons due to the expansion of the activity of the joint venture "Surkhan tex", which has created the necessary conditions for employees.
