

TODAY'S REFORMS ARE GLORIFYING HUMAN DIGNITY

Feruz To'raeva,

Press secretary of Denov district governor,
consultant on information policy issues

The reforms initiated by the President of the Republic of Uzbekistan Shavkat Mirziyoyev show the gratitude of our compatriots. Regardless of the field, new reforms are being introduced in every field today. This can be seen in political processes, science, agriculture, people's life and youth life. The most gratifying situation for us is that our President Shavkat Mirziyoyev delivered a speech in Uzbek on September 20, 2023 at the next 78th session of the United Nations in New York, USA. This also gave us pride and honor. Today, about 50 million people worldwide speak the Uzbek language. Our beautiful and attractive Uzbek language is being studied with great enthusiasm in many countries.

It is clear to all of us that the ideas of uniting our multi-ethnic nation towards the noble goal of building a highly enlightened society, instilling in the hearts of our compatriots the feeling of a single Motherland and a common prosperous future are

being put forward. Therefore, the tasks set for the development of the process of historical reforms aimed at the comprehensive development of New Uzbekistan and the creation of the foundation of the Third Rise are being consistently continued. On the basis of President Shavkat Mirziyoyev's decision No. PQ-4681 of April 17, 2020, the Denov Institute of Entrepreneurship and Pedagogy began to operate. Young people from our region and neighboring countries are studying at this institute. Today the institute has 8212 students. The number of student residences is 3. The number of students living in rented accommodation is 1,967, and the number of students whose rent is paid by our state is 1,096. Currently, the institute has 4 faculties and 16 departments. Happily, science has grown from 15% to 25% and is taking a worthy place in international and national rankings.

At the same time, faculties of exact and natural sciences, philology, entrepreneurship and management, and pedagogy are operating at the Denov Institute of Entrepreneurship and Pedagogy. 204 professors and teachers of 16 departments are providing education and science to students. 50 of them have degrees and titles. 6 doctors of science, 44 candidates of science, doctors of philosophy and associate professors are working. Also, for the 2023-2024 academic year at the Denov Institute of Entrepreneurship and Pedagogy, teaching pedagogy, preschool education, elementary education, mathematics and informatics, music education, Russian language, physical culture, history, philology and languages in foreign language groups: Uzbek language, economics, accounting and auditing, finance and financial technology, banking and auditing, business management, biology, chemistry, physics, mathematics, computer engineering, chemical technology, construction engineering, agricultural storage and preprocessing technology, full-time undergraduate courses such as tourism, preschool education, elementary education, history, economy, accounting and auditing, part-time undergraduate courses such as biology, pedagogy and psychology, theory and methodology of education and training, literature of the Uzbek language, mother tongue and literature, foreign language and literature: students are admitted to study in 12 specialties of the master's degree, such as English, history, economics, business management, biology, chemistry, physics, mathematics, and personnel are being trained.
